Guide review was the only focus of the special 4 January meeting and pages 1 through 6 were covered with all committee members making notes on their copies. At this meeting this review continued through page 11 with notes also made individually on members copies. At the end of this meeting Dave Thomas collected each persons copies with their notes and he will further revise the guide for another review by the Board of Directors on 8 Feb 2005. Expect all to be finalized in March 2005.
