

**MINUTES**  
**Long Range Planning Committee**  
**14 August 2002**

**Present:** Rob Schwarting, RCA Executive Director  
Luanne Christensen, Chairperson  
Robin Brown  
Pete Cali  
Rosemary Devito  
Pat Dolan  
Tony Kossa  
Mary Stevenson

**Discussion of:**

1. Board requested to conduct forum. There will be a forum on Monday, August 26, at 7:00 pm to discuss the opening of Drakes Landing to River Road. Rob has arranged speakers Steve Buechner and Jack Krisanda to speak. Larry Limburg will lead the meeting. Question cards will be collected at the end of the presentation. We need to develop a comprehensive plan for the northeast section that will solve the problem of reducing traffic in Radisson. (Robin Brown voiced her concerns as well as the concerns of the ROAD group as to why Drakes should not be opened up. We need to make a plan to reduce traffic that is already cutting through our area from River Road also.)
2. Review of site plans for Longley Jones and Oot builders. Reviewed the list of comments/concerns that Rob sent to Dan Healy about both site plans. No new additions.
3. Strategic planning update. We now have 6 committees, one of which is meeting regularly. A second is meeting sporadically. The Transition Focus team may start meeting if the ROAD controversy is turned in to a planning issue. We will update when all committees have met.
4. Application to town for Site Review for the River Park. The River Park is a dream at present. We will need to pay for studies and acquire a site plan.
5. Next meeting will be September 11, at 7 pm at the Aspen House.
